## Bobby Singh

Managing Director  
Red Bean Hospitality

Success is not ready-made, it is earned with the will to work hard and achieve what you dream of. For me, success has always been to continue marching towards the goal while achieving milestones one at a time. Welcome to the Redbean Cafe, a unique and lucrative business venture of the parent company, Redbean Hospitality. Redbean Hospitality is the robust production of an idea to serve humanity and create a change in the world. Over the years of excellence, we have emerged as a versatile provider of hospital healthcare catering services. Adopting a performance-driven approach and focusing on a solid client portfolio, we pride ourselves in setting major benchmarks in the industry.

To make things happen or achieve the impossible, you have to think outside the box. If you are keen to shine, you have to hustle with the will to never quit because diamonds are made under intense pressure. To be unique, you have to walk the path less traveled. To be your own boss, you have to own the will to get up every time you are beaten down. The world is full of golden opportunities and being an entrepreneur is all about enjoying rewards for a lifetime. The only requirement is to have the courage to hustle.
