## Mandeep Kaur

UK Study + Dependents Husband & Child:

Class 12th- 2011 (Non-Medical) 68% PSEB

BCA-2012-2015, PU-Chandigarh, 65%

IELTS- 6 overall no less than 6

Experience as a Computer Language Instructor till 2017

Refused- 1 time from Canada in 2018

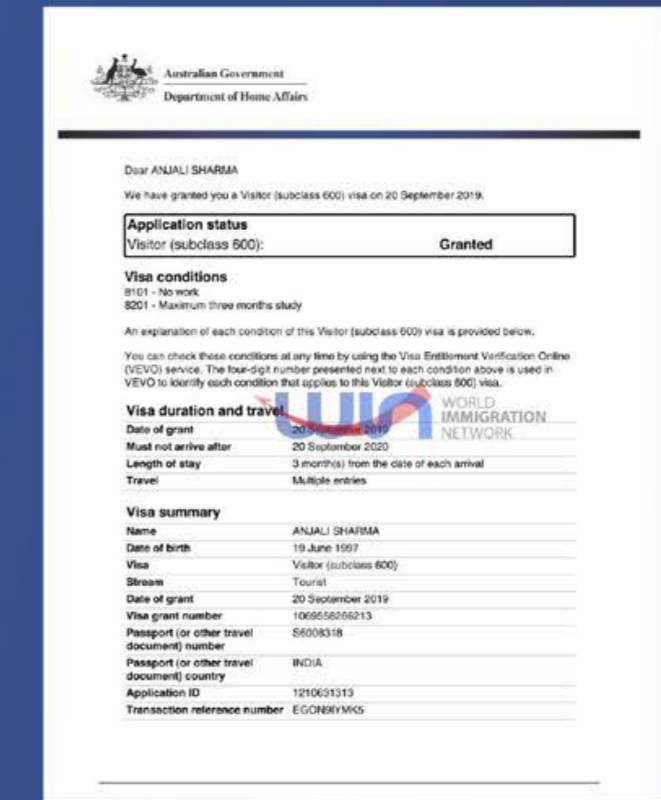

When she visited us, she was one time rebuffed from Canada and was willing to move to UK for her elevated studies but not without her family i.e. her husband and her son. Mandeep was discouraged as UK has strict immigration rules for dependents entering in UK and she also did not want to waste one more year of hers. We assured her for UK and started with the progression of documentation & filing thereafter. Our admission unit got her offer letter from University of Huddersfield for Msc in Advanced Computer Science (with Placement). Every country takes genuine documents and verifies them at any point of time. We were known to this fact and our operation & Filing trained people made paramount potential efforts to arrange her paper file for UK. To everyone's startle, within a count of 4 days after the application was made, we received her visa for the University of Huddersfield. As soon as we received Mandeep's visa, we applied a Dependent visa for Gurbaaz Singh (Mandeep's son) & Jagdeep Singh (Mandeep's Husband) for their travel collectively to UK. The documentation we do is apt as per the checklist of the dependent visa for UK. There gone 20 days & we booked all three of their flight tickets for UK together. We did it in a month around approximately all jointly the student & dependent visa for UK.

## Anjali- Australia Tourist

Class 12<sup>th</sup>- 2015 (Non-Medical), 55%, NIOS

IELTS- Not required

Refusals- No

No one can envisage that a 1997 born will get a tourist visa without any letter of Invitation & no sponsorship documents can migrate to Australia for tourism purpose. Anjali and her family had already been to many agents prior to coming to us. Our sales team made them clear in their mind that age is just a number. We follow the protocol given by Australian government for tourist visa and collected all the mandatory documents required to show the necessary amount of funds for travelling to Australia adding to it all the property papers and proofs showing the well being of the family. It is the utmost requirement of the Australian High Commission to prove that you are an authentic impermanent entrant and will leave the country once you are done with your rationale. We have convincing experts to write the best credible personal statement for you with an itinerary. Anjali, was thus by all our team endeavor was granted the visa for Australia Tourism in September, 2019.

## Sandeep Singh- New Zealand Study:

Class 12<sup>TH</sup>- 2017 (Non- medical stream), 65% PSEB  
 IELTS- 5.5 overall with 5 in Listening & writing  
 Refusal- 3 times from Canada and Australia

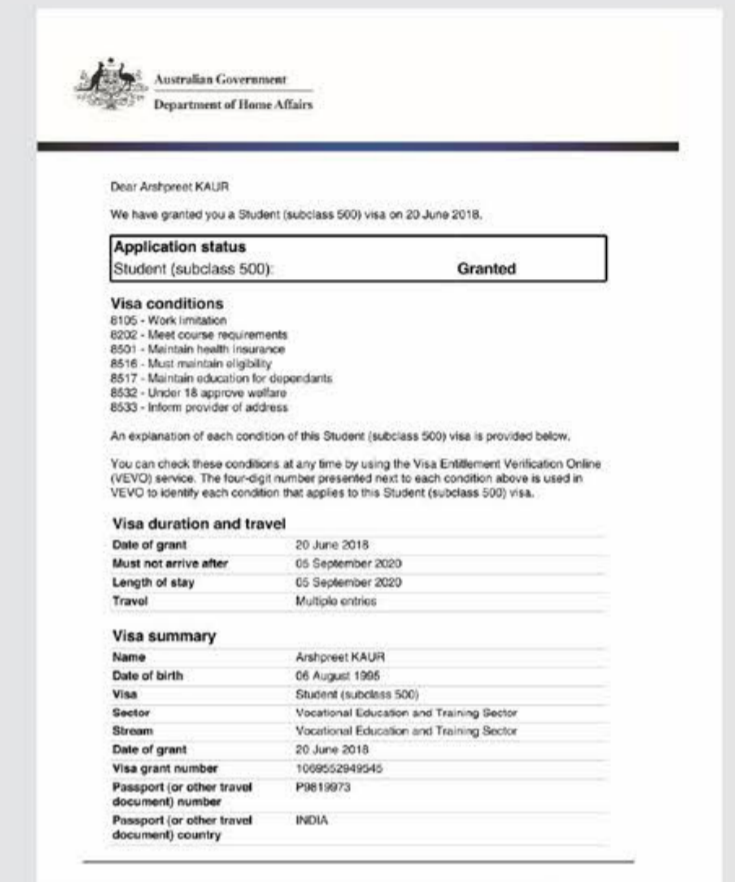

Manjinder was a gone case as per every person in the industry he had been to. He had been refused 3 times- 2 from Canada and 1 from Australia. The reasons given were the presentation of documentation was supposed to be vague and in such cases the next outcome of re applying is a ban where you misinterpret your documents. We took this case as a challenge and started to gather the documents which were considered to be fuzzy by the embassy. New Zealand was our solution to him for which we applied at ATC college, New Zealand. We collected each & every document proving nothing to be hazy. We kept in mind every leeway of the High Commission & the reason for denial. We focus on array of the obligatory documents & setting up of a compelling Statement of Purpose (SOP). We received AIP (Approval In Principle) for Manjinder within 15 days of tendering our application. Later on, the fee was submitted to the institution and permit was issued to him to travel to New Zealand and make his career in his choice of field.

## Arshpreet Kaur- Australia Study

Class 10<sup>th</sup> - 2011, PSEB, 64%  
 Class 12<sup>th</sup> - 2017 (Medical Stream), 60%, PSEB  
 PTE- 45  
 Refusals – None

Arshpreet was an earnest student, even though she cleared her 12th after unremitting repeats of 5 years. Her PTE score was also not well enough as per the requirements of the universities and Colleges in different countries. We applied for her at Merage Global Institute of Technology, Australia in 2018. While our filing unit was effectively working on her statement of purpose, our documentation department was making sure that more than required documents are being collected from the student and her family. Strong finances are almost 50% of the reason for visa approval and denial. Funds and ITRs were needed to be strong because she had 5 years of repeat history for her 12th. Her GTE for Australia was made in such a way that there stood no chance of denial. We create a story keeping ourselves at your place and explaining everything in the most genuine way. We received her student visa within a month after applying for Australia.

BSc (Hotel Management & catering Technology) - 2017, PTU, 76%  
IELTS- 6.5 overall with 5.5 in Writing  
Refusal- No

Gurpreet travelled to New Zealand from June, 2016 to February, 2017 as an Intern on Work Visa. After all what he has gained, he wanted to explore more and our sales team counseled him for studying in Germany, all the benefits, future scope, job prospects & career in India after he returns. We applied at Berlin School of Business & Innovation, Germany for MA in International Tourism, Hospitality & event Management. This was a course of 1.5 years with fee structure of 11000Euros in total. Gurpreet and his family were totally relying on us for country, course & college assessments which in the end proved to be very fruitful. Their belief in us was a big responsibility for our team. We specialize in applying with no less of a document as per the checklist of the country. His file was more than a deal to us because of the blind trust of his family and him in SAS. We received Gurpreet visa for Germany in 2019, a month after the application was made. We have been in continuous touch with his family since then & applied for his cousins for Canada and Australia for which we have received visas as well. We are more than happy to work for your future.

## Anmol Kapila Canada Study

Class 12<sup>th</sup>- 2016 (Commerce), 60%, CBSE  
IELTS- 6.5 no less than 6  
Refusal- 5 times refused from Canada

Anmol Kapila was a holder of UK tourist Visa and Schengen Visa but 5 times refused from Canada reason being the same by the High Commission that He will not leave Canada at the end of his studies & his proposed course was not found reasonable in the light of his qualifications, previous studies, missing mark sheets, academic record & financial abilities. Immediately after his Senior Secondary, he was repetitively trying for Canada student visa & was agreeing on no other country. When he came to us, he only wanted to go to Canada for his higher studies. We praised him for his unremitting hard work to study internationally. When our team went through his refusals, we got the actual thing we needed to do with his file. SAS applied for Yorkville University- Bachelors of Business Administration, the most relevant course to his previous studies. We mentioned every single refusal's explanation in his personal statement attached with his application form. Our professionals explained the finances, academics, the relevancy, his future goals & collected all the documents making sure that nothing was being missed. There we prepared a perfect file of Anmol Kapila hopeful of a positive response from the embassy. To everyone's surprise, we received the Visa for Anmol Kapila after 1.5 month from the lodgment of the application. Anmol Kapila case was a celebration for all of us as at some point of time the whole team was scared because of 5 previous refusals. We work like its our own story. These being the reason we understand and make everyone's dream come true through our unstoppable efforts.

We had a client named **Gagandeep Kaur**, from Delhi, 28 Years old graduate with 7,7,7,7 band score and she was eagerly waiting for the Express Entry score to drop down as she was unaware of the PNP system for Canada. The express entry score at the time she applied was 471 & she scored 392 so, she had no other option than waiting for the scores to be able to match her eligibility criterion. She visited us after waiting long for 1 year in which she completed her Post graduate Diploma as advised by her colleague. We explained her PNP for different provinces where she had her occupation in demand. Our lawyers are specialized in finding the perfect NOC code for you which no one else can. During her application time, Saskatchewan PNP was open and we found this as just the right time to hit the clock.

We applied for SINP for **Gagandeep** as she scored 71 for her SINP & that time cutoff was 67 so she got her invitation from Saskatchewan which eventually gave her an extra 600 points.
