Going abroad for higher education isn't always a cakewalk. Along with the excitement of a change, immigrating to a new country can sometimes be a daunting process, filled with challenges. We seek to minimize these challenges, particularly the confusion and frustration that is often associated with the visa application process. Our goal is to give you the freedom to focus on the excitement of immigrating to another country.

## COUNTRIES OF EXPERTISE

**Canada:** Canada, a land of immense opportunities, is the second largest country in the world. It is multicultural, safe and one of the world's wealthiest economies. Education in Canada is managed by government: almost 80% of colleges and universities are government/ public funded to provide quality education. The rising immigration targets for Canadian permanent residence this year could see a new record set.

**Australia:** Australia is the 6th largest country in the world with 20+ years of continued economic growth. It is the largest island and the smallest continent. Australia is one of the leading education powerhouses with seven of the world's top 100 universities. 28% of Australia's population is comprised of migrants which is the largest in the Western world.

**New Zealand:** New Zealand is the world's second most peaceful and a politically stable country. It provides world-class education which is recognized and respected globally. All 8 New Zealand universities are in the top 3% in the world through academic excellence and personalized learning. It is world-famous for its stunning scenery and natural beauty.

**USA:** The United States of America spends the most on education. It offers such a diverse collection of attractions making it the third most populous in the world. **The USA is one of the biggest and wealthiest countries** having a long history of welcoming immigrants from all parts of the world.

**UK:** The United Kingdom is one of the biggest urban and over-populated areas in the world. It is the biggest island in the continent of Europe. The UK education system is one of the most eminent in the world. Some of the British universities are worldwide known for their outstanding quality with particular ones topping the global rankings.

**Europe:** Each country in Europe has its own individual education system. Europe is home to some of the most prestigious universities in the world. In Europe, you're at the centre of an international community with a passion for learning. Studying in Europe is once-in-a-lifetime chance to discover new countries.
