## Lifestyle® 600 Home Entertainment System

The first thing you notice is the beautiful design. Then you turn it on, and powerful audio pours from our redesigned Jewel Cube speakers. If you want great performance—and value—in a Bose surround sound system, you'll find that the Lifestyle 600 home entertainment system delivers on those expectations. And with SoundTouch included, it goes well beyond traditional home cinema. For movies, TV, sports and music, it's a great choice to keep everyone fully entertained.

## Bose Noise Cancelling Headphones 700

Critically acclaimed for their powerful noise cancelling, astonishing sound, and unrivaled voice pickup, Bose Noise Cancelling Headphones 700 help turn any space into the perfect place to listen to music, get work done, or just shut out the world for a few moments and relax. So if you're looking for the best wireless Bluetooth headphones for music and calls, you've found them. And now they're available in Limited Edition Triple Midnight.

## Bose Soundbar 700

Designed To Be The World's Best Soundbar

The Bose Soundbar 700 does that and much more—including built-in voice control from the Google Assistant and Amazon Alexa. It provides a wide soundstage (a lot wider than the bar itself) and brings your music and movies to life by immersing you in the sound.

## Bose Bass Module 700

Thunderous Bass. Wireless Connectivity.

Sound you can feel Add the Bose Bass Module 700—it's the difference between hearing bass and feeling thunder. Designed exclusively for the Bose Soundbar 700, it's the best wireless bass module we've ever designed for any of our home cinema systems.

**BOSE**

## Free Space 3 Surface-Mount Satellites

The Bose® FreeSpace® 3 surface-mount satellites are high-performance, extended-range loudspeakers designed for small to medium-sized installed applications requiring high fidelity and extended bandwidth reproduction of voice and music.

## FreeSpace 360P Series II

Full-range environmental loudspeaker designed to blend with landscaping for in-ground or above-ground applications, such as shopping malls, outdoor restaurants, resorts and theme parks. Features 360° horizontal coverage and frequency range down to 60 Hz.

## Bose DesignMax DM8S

Delivering SPL suitable for foreground music, the Bose DesignMax DM8S 125W loudspeaker features a two-way, 8" coaxially mounted woofer and a center-firing 1" compression driver, delivering a 60 Hz - 20 kHz frequency range. The DM8S is surface-mounted and locks onto a hidden QuickHold U-bracket for fast, secure installation.

## DesignMax DM6C

Premium sound to maximize any design. DesignMax loudspeakers bring outstanding audio and aesthetics to any commercial space. With 12 models to choose from, it's easy to create tailored solutions that deliver instantly impressive sound. QuickHold mounting mechanisms make installation efficient, reducing strain and hassle — and saving substantial time. And with both black and white versions available, DesignMax loudspeakers integrate seamlessly with any décor.

## EdgeMax EM180 loudspeaker

Bose Professional EdgeMax in-ceiling premium loudspeakers feature proprietary Bose PhaseGuide technology with high-frequency compression drivers to create a new category that combines the room-filling coverage patterns typical of larger surface-mount speakers with the architect-preferred aesthetics of in-ceiling models. Designed to mount near wall-ceiling boundaries, EdgeMax loudspeakers provide improved audio quality and coverage, while reducing the number of required units, compared to conventional dome-tweeter ceiling speakers.

## S1 Pro System

You always bring the best playlist. Now make sure you bring the best sound. The Bose S1 system. It's a Bluetooth® speaker, a PA system and just what you need to turn up the fun at parties, outdoor get-togethers and all those times that deserve better sound. Stream wirelessly from a mobile device or plug in a microphone or even your favourite musical instrument.

It has a lightweight, rugged enclosure with a built-in handle, so it's easy to carry and take just about anywhere. And once you get there, the rechargeable battery gives you up to 11 hours of play time.

## DesignMax DM10S-Sub

Premium sound to maximize any design.

DesignMax loudspeakers bring outstanding audio and aesthetics to any commercial space. With 12 models to choose from, it's easy to create tailored solutions that deliver instantly impressive sound. QuickHold mounting mechanisms make installation efficient, reducing strain and hassle — and saving substantial time. And with both black and white versions available, DesignMax loudspeakers integrate seamlessly with any décor.

The 250-watt DM10S-SUB subwoofer features a 10-inch woofer, which delivers a 35 - 125 Hz frequency range. The DM10S-SUB is surface-mounted and locks onto a hidden Quick Hold U-bracket.

## F1 Model 812 Flexible Array loudspeaker

Powerful, standalone sound that flexes to meet your coverage needs — the Bose F1 Model 812 is a 1000-watt, full-range loudspeaker featuring Bose Flexible Array technology. At the heart of the F1 is a 12-inch woofer nested behind an array of eight high-output drivers. These nine speakers are supported by a lower crossover point than conventional loudspeakers — to give full voice to your sound and deliver clearer, more natural vocals and midrange clarity, even at high volumes. And you control the vertical coverage pattern. So, wherever you're playing, you can adapt the PA to match the room. With the Bose F1 Model 812, your sound stands alone.

## L1 Compact system

The L1® Compact portable line array system: Carry it in one trip. Set it up in one minute. Fill the room with Bose® sound.

The L1® Compact system combines conventional PA and monitors into one sleek unit. Positioned behind or to the side of a performer, DJ or presenter, it delivers wide, even sound coverage throughout the stage area and audience—even off to the extreme sides. It's our smallest, lightest, easiest-to-set-up L1® system, weighing just 13.15 kg.

**Citation Surround**

The Harman Kardon Citation Surround is a next generation wireless surround sound speaker. Easy to set up and use, Citation Surround blends innovation in home audio with attention to detail in design, allowing for sophisticated looks and surround sound for an immersive movie and music experience when paired with Citation Bar, and Citation Sub and/or Citation Tower. Get the full 5.1 home theater surround sound experience without the cables. With automatic software updates, your Citation Surround will always be up to date and at its best.

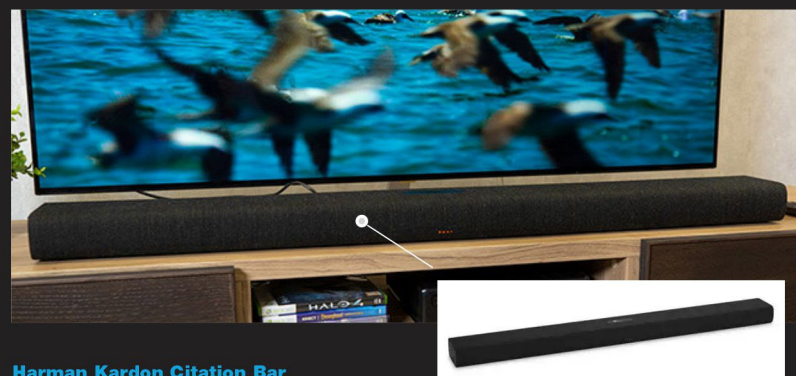

**Citation Tower**

The Harman Kardon Citation Towers are premium hi-fi smart speakers with the audiophile in mind. Citation Towers provide the best 2-channel stereo listening experience with crisp highs and deep bass. Easy to use with its full-color LCD touch screen, Citation Towers blend innovation in home audio with attention to detail in design, allowing for sophisticated looks and authentic concert-quality sound. Music lovers will love access to over 300 music services and high-definition streaming through Chromecast built-in. The Google Assistant brings convenient voice control to your Citation Tower for hands-free help around the home. Get answers, play music, organize your day, control your smart home, enjoy your entertainment and more, just with your voice!

**Citation Subwoofer**

The Harman Kardon Citation Sub is a next generation wireless subwoofer. Easy to set up and use, Citation Sub blends innovation in home audio with attention to detail in design, allowing for sophisticated looks and thundering bass for movies and music when paired with Citation Bar or Citation Tower. Get the full 5.1 home theater surround sound experience without the cables. With automatic software updates, your Citation Sub will always be up to date and at its best.

**Harman Kardon Citation Bar**

The Harman Kardon Citation Bar is a next generation smart soundbar for movies and music. Easy to use with its full-color LCD touch screen, Citation Bar blends innovation in home audio with attention to detail in design, allowing for sophisticated looks and superb bass without a subwoofer. Music lovers will love access to over 300 music services and high-definition streaming through Chromecast built-in, while movie lovers enjoy their all wireless 5.1 home theater system with Citation Surround and Citation Sub. The Google Assistant brings convenient voice control to your Citation Bar when listening to music for hands-free help around the home. Get answers, play music, organize your day, control your smart home, enjoy your entertainment and more, just with your voice!

**Citation ONE**

The Harman Kardon Citation ONE is a next generation smart speaker with rich sound and an all-in-one compact design. Easy to use, Citation ONE blends innovation in home audio with attention to detail in design, allowing for sophisticated looks and surprising sound in a compact design. Music lovers will love the room-filling sound and access to over 300 music services and high-definition streaming through Chromecast built-in. The Google Assistant brings convenient voice control to your Citation ONE for hands-free help around the home. Get answers, play music, organize your day, control your smart home, enjoy your entertainment and more, just with your voice!

**Citation 500**

The Harman Kardon Citation 500 is a next generation stereo smart speaker designed for large rooms. Easy to use with its full-color LCD touch screen, Citation 500 blends innovation in home audio with attention to detail in design, allowing for sophisticated looks and powerful sound. Music lovers will love the full-range, detailed sound with access to over 300 music services and high-definition streaming through Chromecast built-in. The Google Assistant brings convenient voice control to your Citation 500 for hands-free help around the home. Get answers, play music, organize your day, control your smart home, enjoy your entertainment and more, just with your voice!

**Enchant Subwoofer**

The Harman Kardon Enchant Subwoofer adds superior bass to the Enchant 1300 or 800 soundbars. Beautifully styled and featuring a 10" woofer, the Enchant Subwoofer's wireless design easily enables an infinite number of placement options throughout your home theater. The state-of-the-art design delivers thunderous low tones that make your entertainment more exciting.

**Revel W970**

The W970 features Revel's low-distortion motor structure designs with aluminum tweeters and Micro Ceramic Composite (MCC) cone woofers for true audiophile-grade performance and easy timbre-matching to Revel floorstanding, monitor and center channel loudspeakers.

**M8 SP5**

Revel Concerta SP5 is a 5-channel support system for your home theater sound, featuring four Revel M8 surround/front-channel loudspeakers, and one center channel speaker. SP5 packages are available in three automotive-grade, high-gloss finishes – white, red and black, each with a color-matching cloth grille – for stylish and elegant appearance, and easy integration into a wide variety of decors. A compact form factor allows for inconspicuous shelf placement, and included surface and wall-mounting hardware offers superb flexibility with positioning options. In addition, the speakers are magnetically shielded for safe placement near electronic devices. Easily combine SP5 packages with any number of SP2 packages to create virtually unlimited channel configurations for legendary Revel home theater surround audio of uncommon realism in nearly any size setting.

**B1 REVEL**

The Revel B1 is a high-performance powered subwoofer, designed to add essential bass response to any music or home theater system. The B1 subwoofer delivers accurate and authoritative bass from a surprisingly compact enclosure. Adjustable controls, parametric room equalization and multiple connection options provide unequalled placement flexibility and allow you to optimize low-frequency performance for any listening environment.

**JBL Stage A190**

The 515 is a premium turntable designed with superior technologies and craftsmanship to deliver unique features, performance, and appearance. The 515 is the first turntable worthy of the Mark Levinson® name.

#### JBL Synthesis® SSW-2

Part of the Synthesis Subwoofer series, the SSW-2 is an ultra-high-performance passive subwoofer acoustically designed to complement any of the Synthesis Custom Loudspeakers (SCL series) as part of a complete JBL Synthesis solution.

#### JBL Synthesis® SCL-3

The JBL brand has become synonymous with the cinema experience. The SCL-3 was designed to continue this legacy. The two-way SCL in-wall loudspeakers are the first flush-mount compression driver loudspeakers using JBL Professional technology. The dual 5-1/4" cast frame aluminum woofers are ideal for in-wall or ceiling mounting. Utilizing the D2-derived 1-inch / 25mm annular ring compression driver with Teonex® diaphragm and an advanced HDI geometry horn, the SCL-3 provides unparalleled performance compared to any in-wall loudspeaker in the market today.

#### Revel Performa BE F228Be

The Revel Performa F228Be is a powerful and elegant 3-way, dual 8-inch floorstanding loudspeaker that sets a new world standard in performance. Using the award-winning Performa3 F208 as the starting point, virtually every component was re-engineered to extract the finest details, the highest level of performance, and the most emotion possible. Featuring an all-new Beryllium tweeter, the F228Be delivers unparalleled detail and accuracy with an expansive and cohesive soundstage.

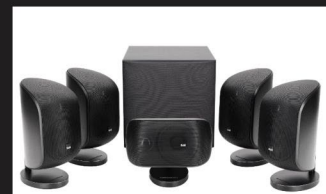

#### Project EVEREST Dd67000

Introducing the Project Everest DD67000, an evolution of the much-lauded DD66000 speaker system. Using the most advanced technologies and world-class components, our engineers have created one of the world's most sophisticated and sought-after speaker systems.

#### Revel Salon2

Introducing the Project Everest DD67000, an evolution of the much-lauded DD66000 speaker system. Using the most advanced technologies and world-class components, our engineers have created one of the world's most sophisticated and sought-after speaker systems.

#### MT-60D

Combine our clever little M-1 speakers with the explosive power of the PV1D subwoofer, and you have our flagship MT-60D Mini Theater system. Don't let the compact size fool you – it means business!

#### 707 S2

Designed for use on a bookshelf or stand, 707 S2 is a high performance compact speaker that's ideal for smaller rooms.

#### P7 Headphones

The B&W P7 sports an Apple approved 3-button remote and microphone to let you answer calls on the move. With a lightweight and foldable design.

#### 704 S2

Looks can be deceiving. Despite its slim dimensions, 704 S2 has the commanding presence of a much larger speaker, thanks to advanced technologies such as a dedicated Continuum™ cone FST™ midrange.

#### 800 D3

##### Floorstanding speaker

The flagship of the 800 Series Diamond range is a no-compromise design: behind that strong visual statement is half a century of design and engineering, all in the cause of greater musical insight and impact.

#### 802 D3

##### Floorstanding speaker

The very latest Bowers & Wilkins speaker technologies, from our massive Turbine Head to the reinvented Matrix bracing, combine to superb effect to deliver staggeringly real sound.

#### 805 D3

##### Standmount speaker

The unique 805 D3 is the only speaker of its size to feature the Diamond dome tweeter, isolated in its own solid-body tweeter assembly for precise imaging and clarity.

#### EPSON EH-LS500B

#### EPSON TW-9400

pen up the possibilities to bigger and more exciting home entertainment while keeping your home stylish, without a black screen permanently on the wall. The EH-LS500B is distinctive in its discreet design, its visual performance and its ability to project from close to the display area. It's easy to set up, delivers a great picture in bright rooms and offers great value with a long-life laser light source.

#### Enjoy Ultimate Picture Quality And Feel The Cinematic Experience In The Comfort of Your Home

Make Your Home The Centre Stage For All The Action With Epson's Eh-tw9400 Home Projector. Capture Everyone's Attention And Bring Family And Friends Together To Experience Those Memorable

#### BenQ LH890UST

The World's No.1 DLP brand BenQ leads the way with futureproof interactive projectors, featuring innovative BlueCore laser technology and superior dustproofing design for superb picture quality and maintenance-free operation. Maximizing education investment and collaborative learning with ultra-short throw projection, the BenQ LH890UST utilizes the unparalleled qualities of a laser light source to achieve optimized performance, long-lasting reliability, and energy efficiency for the leading schools.
